

Attention Contractors:

FREE One Day

Lead Safe Work Practices Training

**Completion of this course will be the first step in acquiring
EPA Certification for all contractors performing renovation, repair and painting
in buildings built prior to 1978**

This course will cover how to identify the existence of lead based paint; how lead based paint affects the body; the dangers it presents to people, especially children and pregnant women; where lead-based paint is most often located and how to use safe work practices to handle lead-based paint hazards.
This course is a requisite for the mandated Renovate/Repair/Painting Course necessary to obtain EPA Certification.

Tuesday, May 4 • Mountain Laurel Gardens • 55 Lamphere Lane, Arkville
pre-registration required • 7:30 am registration • 8-4 class with 1 hr lunch

**Sponsored by the NY State Division of Housing & Community Renewal in collaboration with the
MARK Project • Instructed by Environmental Educational Associates**
